MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of September, the Department of Human Services received 6,247 applications for Aid to Families with Dependent Children, a decrease of 791 (11.2 percent) from the number received during August. In comparison with the number of applications received during September of the preceding year, there was an increase of 1,135 applications (22.2 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 6,469 AFDC applications during September.This number was 50.5 percent of the total applications on hand. It compares with 51.5 percent of the total number on hand for which investigations were completed during the preceding month and 45.6 percent for which investigations were completed during the same month of the preceding year. Four thousand two hundred and sixty-eight (66 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during September, in comparison with 4,614 applicants (66.2 percent of those investigated) approved the preceding month and 3,199 applicants (63.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 7.5 percent from the number approved in August, but an increase of 33.4 percent over the number approved in September 1988. The rate of approvals for the AFDC Program decreased from the preceding month by 0.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.2 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during September amounted to $13,141,756. This was an increase of 1.5 percent over the amount of money payments for August, and an increase of 12.3 percent over the money payments for September of the preceding year.Payments were made for 72,573 families with 137,092 children at an average grant of $181.08 per family and $95.86 per child. APPLICATIONS DISPOSED OF Investigations were completed on 6,290 AFDC applications during October. This number was 50.4 percent of the total applications on hand. It compares with 50.5 percent of the total number on hand for which investigations were completed during the preceding month and 47.6 percent for which investigations were completed during the same month of the preceding year. Four thousand two hundred and four (66.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during October, in comparison with 4,268 applicants (66 percent of those investigated) approved the preceding month and 3,223 applicants (63.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 1.5 percent from the number approved in September, but an increase of 30.4 percent over the number approved in October 1988. The rate of approvals for the AFDC Program increased over the preceding month by 0.8 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 3.3 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during October amounted to $13,181,538. This was an increase of 0.3 percent over the amount of money payments for September, and an increase of 12.2 percent over the money payments for October of the preceding year. Payments were made for 72,900 families with 137,585 children at an average grant of $180.82 per family and $95.81 per child. The average grant decreased from September by $0.26 per family and $0.05 per child. In comparison with the same month of last year, the average grant showed an increase of $9.09 per family and an increase of $4.97 per child.

CASES CLOSED Two thousand eight hundred and fifty-two AFDC cases were closed during October, a decrease of 1.2 percent from the September closures. In comparison with the same month of the preceding year, the closures showed an increase of 184.9 percent. One hundred and ninety (6.7 percent) of the AFDC cases closed during October were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand six hundred and sixty-two (93.3 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

Three thousand eight hundred and seventy-one (66.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during November, in comparison with 4,204 applicants(66.8 percent of those investigated) approved the preceding month and 3,290 applicants (65.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 7.9 percent from the number approved in October,but an increase of 17.7 percent over the number approved in November 1988. It compares with 49.6 percent of the total number on hand for which investigations were completed during the preceding month and 50.2 percent for which investigations were completed during the same month of the preceding year. Four thousand three hundred and twelve (69 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during December,in comparison with 3,871 applicants (66.4 percent of those investigated) approved the preceding month and 3,418 applicants (67.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 11.4 percent over the number approved in November, and an increase of 26.2 percent over the number approved in December 1988. The rate of approvals for the AFDC Program increased over the preceding month by 2.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.6 percent.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of February, the Department of Human Services received 5,156 applications for Aid to Families with Dependent Children, a decrease of 1,129 (18 percent) from the number received during January. In comparison with the number of applications received during February of the preceding year,there was an increase of 314 applications (6.5 percent).

It compares with 48.1 percent of the total number on hand for which investigations were completed during the preceding month and 46.5 percent for which investigations were completed during the same month of the preceding year. Three thousand seven hundred and fifty-two (70 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February, in comparison with 3,688 applicants (68.2 percent of those investigated) approved the preceding month and 3,378 applicants (69.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 1.7 percent over the number approved in January, and an increase of 11.1 percent over the number approved in February 1989. The rate of approvals for the AFDC Program increased over the preceding month by 1.8 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.9 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during February amounted to $13,544,938. This was an increase of 1.1 percent over the amount of money payments for January, and an increase of 14.7 percent over the money payments for February of the preceding year.Payments were made for 75,047 families with 141,337 children at an average grant of $180.49 per family and $95.83 per child. It compares with 48.8 percent of the total number on hand for which investigations were completed during the preceding month and 52 percent for which investigations were completed during the same month of the preceding year. Four thousand one hundred and sixty-eight (69.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 3,752 applicants (70 percent of those investigated) approved the preceding month and 3,891 applicants (67.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 11.1 percent over the number approved in February, and an increase of 7.1 percent over the number approved in March 1989. The rate of approvals for the AFDC Program decrease from the preceding month by 0.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.2 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during March amounted to $13,783,047. This was an increase of 1.8 percent over the amount of money payments for February, and an increase of 13.9 percent over the money payments for March of the preceding year. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of April, the Department of Human Services received 5,235 applications for Aid to Families with Dependent Children, a decrease of 17 (0.3 percent) from the number received during March. In comparison with the number of applications received during April of the preceding year, there was an increase of 304 applications (6.2 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 5,315 AFDC applications during April. This number was 52.6 percent of the total applications on hand. It compares with 55.2 percent of the total number on hand for which investigations were completed during the preceding month and 52.3 percent for which investigations were completed during the same month of the preceding year. Three thousand six hundred and six (67.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during April, in comparison with 4,168 applicants (69.4 percent of those investigated) approved the preceding month and 3,614 applicants (67.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 13.5 percent from the number approved in March, and a decrease of 0.2 percent from the number approved in April 1989. The rate of approvals for the AFDC Program decreased from the preceding month by 1.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.5 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during April amounted to $13,819,613. This was an increase of 0.3 percent over the amount of money payments for March, and an increase of 14.1 percent over the money payments for April of the preceding year. Payments were made for 76,534 families with 143,982 children at an average grant of $180.57 per family and $95.98 per child. The average grant decreased from March by $0.50 per family and $0.18 per child.In comparison with the same month of last year, the average grant showed an increase of $9.59 per family and an increase of $5.37 per child.

CASES CLOSED Two thousand six hundred and forty-nine AFDC cases were closed during April,an increase of 7.2 percent over the March closures. In comparison with the same month of the preceding year, the closures showed a decrease of 4.1 percent. One hundred and ninety one (7.2 percent) of the AFDC cases closed during April were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand four hundred and fifty-eight (92.8 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of May, the Department of Human Services received 5,964 applications for Aid to Families with Dependent Children, an increase of 729 (13.9 percent) over the number received during April. In comparison with the number of applications received during May of the preceding year, there was an increase of 618 applications (11.6 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 6,059 AFDC applications during May. This number was 56.3 percent of the total applications on hand. It compares with 52.6 percent of the total number on hand for which investigations were completed during the preceding month and 52.8 percent for which investigations were completed during the same month of the preceding year. Four thousand one hundred and seven (67.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during May, in comparison with 3,606 applicants (67.8 percent of those investigated) approved the preceding month and 3,628 applicants (67.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 14 percent over the number approved in April, and an increase of 13.2 percent over the number approved in May 1989. The rate of approvals for the AFDC Program remained the same as the preceding month but if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.7 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during May amounted to $13,835,982. This was an increase of 0.1 percent over the amount of money payments for April, and an increase of 17.2 percent over the money payments for May of the preceding year. Payments were made for 76,591 families with 143,947 children at an average grant of $180.65 per family and $90.12 per child. The average grant increased over April by $0.08 per family and $0.14 per child. In comparison with the same month of last year, the average grant showed an increase of $11.59 per family and an increase of $6.40 per child.

CASES CLOSED

Two thousand four hundred and nineteen AFDC cases were closed during May, a decrease of 8.7 percent from the April closures. In comparison with the same month of the preceding year, the closures showed a decrease of 16.1 percent. One hundred and seventy one (7.1 percent) of the AFDC cases closed during May were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand two hundred and forty-eight (92.9 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of June, the Department of Human Services received 6,008 applications for Aid to Families with Dependent Children, an increase of 44 (0.7 percent) over the number received during May. In comparison with the number of applications received during June of the preceding year, there was a decrease of 347 applications (5.5 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 5,195 AFDC applications during June. This number was 48.5 percent of the total applications on hand. It compares with 56.3 percent of the total number on hand for which investigations were completed during the preceding month and 48.7 percent for which investigations were completed during the same month of the preceding year. Three thousand five hundred and ninety-two (69.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 4,107 applicants (67.8 percent of those investigated) approved the preceding month and 3,689 applicants (67.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 12.5 percent from the number approved in May, and a decrease of 2.6 percent from the number approved in June 1989. The rate of approvals for the AFDC Program increased over the preceding month by 1.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.4 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during June amounted to $13,891,266. This was an increase of 0.4 percent over the amount of money payments for May, and an increase of 16.3 percent over the money payments for June of the preceding year. Payments were made for 77,355 families with 145,341 children at an average grant of $179.58 per family and $95.58 per child. The average grant decreased from May by $1.07 per family and $0.54 per child. In comparison with the same month of last year, the average grant showed an increase of $9.93 per family and an increase of $5.71 per child.

CASES CLOSED Two thousand seven hundred and sixty-six AFDC cases were closed during June, an increase of 14.3 percent over the May closures. In comparison with the same month of the preceding year, the closures showed a decrease of 7.8 percent. One hundred and ninety-five (7 percent) of the AFDC cases closed during June were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand five hundred and seventy-one (93 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of July, the Department of Human Services received 6,755 applications for Aid to Families with Dependent Children, an increase of 747 (12.4 percent) over the number received during June. In comparison with the number of applications received during July of the preceding year, there was an increase of 123 applications (1.9 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 6,028 AFDC applications during July.This number was 49.1 percent of the total applications on hand. It compares with 48.5 percent of the total number on hand for which investigations were completed during the preceding month and 47.4 percent for which investigations were completed during the same month of the preceding year. Four thousand one hundred and forty-nine (68.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during July, in comparison with 3,592 applicants (69.1 percent of those investigated) approved the preceding month and 3,940 applicants (67.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 15.5 percent over the number approved in June, and an increase of 5.3 percent over the number approved in July 1989. The rate of approvals for the AFDC Program decreased from the preceding month by 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.7 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during July amounted to $14,872,357. This was an increase of 7.1 percent over the amount of money payments for June, and an increase of 16.7 percent over the money payments for July of the preceding year. Payments were made for 77,885 families with 146,149 children at an average grant of $190.95 per family and $101.76 per child. The average grant increased over June by $11.37 per family and $6.18 per child.In comparison with the same month of last year, the average grant showed an increase of $10.55 per family and an increase of $6.23 per child.

CASES CLOSED Two thousand seven hundred and sixteen AFDC cases were closed during July, a decrease of 1.8 percent from the June closures. In comparison with the same month of the preceding year, the closures showed a decrease of 4.1 percent. Two hundred and one (7.4 percent) of the AFDC cases closed during July were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand five hundred and fifteen (92.6 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
